● Faculty Disclosure information will be provided to participants at on-site registration, or earlier upon request by calling the New Mexico Thoracic Society at (505) 899-1254. (ACCME Standards for Commercial Support).

*Program subject to change.

LEARNING OBJECTIVES:

The participants will:

- Achieve a better understanding of recent advances and clinical management of common adult pulmonary and critical care diseases in order to facilitate better patient care and compliance.
- Appreciate the growing prevalence and impact of pulmonary disorders and conditions requiring critical care in the growing population.
- Better understand the common co-morbidities encountered during the management of pulmonary and critical care disorders and the need for complex decision-making.

NEEDS ASSESSMENT

Primary care providers require up to date knowledge of recommended management for patients with pulmonary disorders and those who are critically ill. Our goal is to address current guidelines and new therapeutic modalities applicable to these patients. The activity will increase knowledge of the initial steps in understanding and managing common clinical presentations, particularly in relation to when referral to pulmonary and critical care specialists should be contemplated. In addition, contemporary therapeutic modalities now available to this population of patients will be addressed.

TARGET AUDIENCE

Physicians: Primary Care, Pulmonary and Critical Care, and Sleep Medicine; subspecialists in Internal Medicine; Physician Assistants, Nurse Practitioners, Nurses, Respiratory Therapists, Pharmacists, Respiratory Researchers, Sleep Technologists, Students in Allied Fields and Physicians in Training. The intended geographic catchment area is the southwest region of the U.S.

CONTINUING EDUCATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Thoracic Society and the **New Mexico Thoracic Society**. The American Thoracic Society is accredited by the ACCME to provide continuing medical education for physicians.

The American Thoracic Society designates this live activity for a maximum of **7.5 AMA PRA Category 1 Credit(s)**[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The New Mexico Society for Respiratory Care approves this educational event for a maximum of **7.5 clock** hours of CEU. The course number is **20181222001**. Respiratory Therapists should only claim credit commensurate with their participation in the activity.

Individual should claim only those Credits that he/she actually earned in the educational activity

DOOR PRIZES

Thank you to those who donated the door prizes displayed in the Cancun Ballroom.

ABOUT THE SOCIETY

This is the 47th Annual New Mexico Lung Disease Symposium for physicians and members of the pulmonary, critical care, and sleep community in New Mexico. The purpose of this program is to educate primary care practitioners, pulmonary, sleep, critical care practitioners and health care professionals about recent advances in epidemiology, pathology, physiology, and medical management of patients with pulmonary, sleep, and critical care disorders. Educational topics were chosen by the planning committee based on local expert opinion, recommendations from the 46th annual symposium, review of recent topics presented, recent advances in the field, and pertinent literature review.

OFFICERS and BOARD OF DIRECTORS:
